

src/logging/Logger.h

```
graph TD; A[src/logging/Logger.h] --> B[spdlog/logger.h]; A --> C[string];
```

The diagram illustrates the dependencies of the file `src/logging/Logger.h`. It is represented as a box at the top with two arrows pointing downwards to two other boxes: `spdlog/logger.h` on the left and `string` on the right.

spdlog/logger.h
